

Professional Partner

Summary

Consulting, managing, organizing - I have done it in various sectors! Please see profile at <http://www.linkedin.com/in/kadrisade>

Personal fully equipped office-space existing for distant work.

Plus, experienced innovator is looking for investment partner to start a service on the field not innovated. 20 years ago Russian scientist developed a device for it, 10 years ago found business partner in Germany, 5 years ago exited with great reward. Now Iceland app made better accessibility for this futuristic service. However, not marketed well enough, where it is needed.

Please send your business card to [k\(at\)li.ee](mailto:k(at)li.ee)
